

The MAHLE logo is displayed in a bold, blue, sans-serif font in the top right corner of the slide. The background of the slide is a complex digital graphic with a blue color palette, featuring a world map, data points, and various numerical values like '76.303', '97.1913', '99.988', '26.6806', and '15.319'.

MAHLE goes  
S/4HANA

# MAHLE presents: Our new IT system landscape

## **MAHLE globally transforms its technological landscape and migrates to SAP S/4HANA.**

MAHLE updates its SAP systems from R/3 to S/4HANA. Standardized and harmonized business processes and a powerful digital ERP platform modernize our group globally across all segments and functions. This gives MAHLE a clear, holistic and real-time picture of its performance at any time and enables effective end-to-end management across the borders of business units and regions – a key driver of digitization, automation and innovation.

From 2022 onwards, the new process platform will be introduced sequentially in all MAHLE locations worldwide. The S/4HANA transformation thereby constitutes an integral part of our dual strategy: To strengthen our existing market position and shape the future in a changing mobility world.
